Dear George:

I do hope that my delay in responding to your recent letter will not set back your plans in any way. By now perhaps, you've already been in touch with the Summer Intern Program following our phone conversation. Enclosed, is some additional information about the program which you may want to share with colleagues.

I have made arrangements for you to meet with someone from the Career Training Program when you are in Washington during the week of December 18-22. Call me on Monday the 19th  and we can decide on a convenient time. Best wishes; I look forward to hearing from you.

Dear Brian,

After the Friday afternoon reception at the International Studies Association / South annual conference, you mentioned C.I.A.'s Summer Intern and Career Training Programs to me. I regret that I did not get a chance to ask you about them further for they both appear as though they could be rather valuable experiences for someone of my interests. If however, at your earliest convenient opportunity you would send to me the necessary information and forms of application for the Summer Intern Program I would appreciate it.

During my Christmas break, I will be in Washington from December 18th. to the 22nd., and from January 2nd. to about the 13th. If personal interviews in Washington would be helpful for the selection of participants to the Summer Intern Program, I certainly would be accessible during these two visits. Aside from this, possibly we can go out to lunch sometime while I am in town.

I look forward to hearing from you.

Sincerely,

STAT
